

Project Updates:

We have completed all the interlocking stone work except for the small area around the fountain. The capping is now all in place. The fountain is now running again and the benches are in place. We're almost done. Things left to do include cleaning up the site, change the gates in the fence around the bowling greens, caulking on the pillars and capping, Spread and level some topsoil and a few other minor items. We are still considering seeding the park this fall. We need anyone that can make it to be out on these last few Saturdays. Let's make one last push on the work before the snow flies. Hope to see you all there. Lion Dave

Some words from our President.....

Our Sept 25th meeting was well attended including four potential new members. It appears that we have a very versatile lions club, who have plenty of enthusiasm and lots of ideas. The park project continues every Wednesday (6:30) and Saturday (9 am) We are close to our goal this fall. The Norgan theatre will be having its opening in the next few weeks thanks to a strong lions commitment to the renovations. Fundraisers are at hand. With all our expensive projects we need our lions to put 100 % effort in raising this needed cash. With this kind of effort we will be able to succeed with our financial commitment. See you all at the next lions event. Yours in lions, President Lion Ron

LCIF Ranked Best NGO Worldwide

In a special report released Thursday, July 5, 2007, Lions Clubs International Foundation (LCIF) ranked best among non-governmental organizations (NGOs) worldwide. From 34 global organizations, LCIF came in first for its execution of programs, demonstrated accountability, communications internally and externally, program adaptability to the surrounding community, and understanding the goals of its corporate supporters.

LCIF beat out Rotary International, Habitat for Humanity, UNESCO and UNICEF, to name a few on the list.

The ratings were compiled by the Financial Times in association with the Dalberg Global Development Advisers and the United Nations Global Compact. The assessment was published in the Financial Times' Corporate Citizenship and Philanthropy special report and highlights companies' growing interest in long-term partnerships to tackle an expanding range of social issues.
